Battle Growing More Intense In La Crosse

Highest Level of Water That Ever Besieged City

LA CROSSE, Wis. (AP) — The battle to hold out the rampaging Mississippi River grew fearfully tense in La Crosse today as each passing minute added to the highest flood level ever to besiege the city.

With the onslaught of the icy brown water the first doubts whether La Crosse would win its fight began to seep through the community of more than 47,000 persons.

The record flood of 15.3 feet, set in 1952, was passed Friday, largely unnoticed by sandbag crews working through a cold and rainy night to build still higher the four miles of dikes protecting the city.

A flood level of 16.2 feet was predicted for today on the way to 17 feet Sunday. A maximum crest of 18 feet is forecast for Wednesday and even the experts won't predict where that amount of water will go.

The city is already cut in two by water washing over Causeway Blvd., the main artery linking the north and south sides of La Crosse. What was once a six-block drive now has become an 11-mile detour around the city's eastern edge.

The flood perils brought by the Mississippi and its tributaries stretch all along the western edge of Wisconsin.

At Prairie du Chien, 60 miles downriver, an additional 40 families were forced from their homes Friday as the Mississippi

Bombers Scatter Propaganda Items Over N. Viet Nam

SAIGON, South Viet Nam (AP) — American fighters and bombers hammered at North Vietnamese targets again today and two Vietnamese Skyraider bombers dropped 100,000 psychological warfare leaflets over the city of Dong Hoi in North Viet Nam.

The leaflets had a picture of President Johnson and remarks by him on the Vietnamese war. They also included an endorsement of the remarks by South Vietnamese Premier Phan Huy Quat. Dong Hoi is about 50 miles north of the 17th Parallel.

The leaflets quoted from Johnson's April 7 address in Baltimore and outlined his proposal to contribute \$1 billion for an aid program to develop Southeast Asia.

3 Million Leaflets Last Wednesday, the U.S. Air Force dropped 3 million leaflets over Dong Hoi and three other North Vietnamese cities, in effect calling on the people to overthrow their Communist government.

Five Marine Corps jet reconnaissance planes arrived today at Da Nang air base for duty in that key northern area of South Viet Nam. The planes carry a pilot and a naval aviation observer.

A squadron of 14 Marine Corps F4B Phantom jet fighters arrived at the base last weekend.

A U.S. spokesman reported that Vietnamese soldiers fought a major engagement Thursday and Friday near Phu My in Binh Dinh Province, about 250 miles north of Saigon. Reports said 81 Viet Cong were killed.

Judge Ends Adventure, Intrigue Of Brooklyn 'James Bond-Type'

BY GEORGE ESPER

NEW YORK (AP) — It was a tale of murder and intrigue that secret agent extraordinary Tom Romano told. He even outdid the fictional James Bond.

Tall and rugged, he induced one of his female admirers to give him \$4,000 and her new automobile.

He told her of hair-raising exploits with gun and attache case in Algeria and Cyprus, of

Romano

piloting a spy plane, and of an underwater mission to Cuba.

The story ended Friday in U.S. District Court with Judge Thomas F. Murphy writing the final chapter.

Fictional, Too As it turned out, secret agent extraordinary Tom Romano was fictional just like James

Bond. He was just plain Thomas Catizone, 35, Brooklyn truck mechanic.

Following a non-jury trial, Murphy sentenced Catizone to two years in federal prison for

masquerading as a Central Intelligence Agency agent.

Catizone even furnished props and sound effects for his imaginary exploits. Example: whenever one of his admirers phoned him at his Brooklyn garage, he would have a coworker race a truck engine. Then he would explain that he had no time to talk — the engine of his plane was being revved up for a quick takeoff on a cloak-and-dagger mission.

On another caper that cost him \$60, he hired an ambulance and attendants, to wheel him on a stretcher into the apartment of Laura Darris, a brunette divorcee who ran a restaurant near the garage. He had told her he had been in an automobile accident outside Washington in which another agent was killed. He said he was paralyzed from the waist down.

Life Savings He had met Mrs. Darris in January 1962, and subsequently induced her to give him \$4,000 — almost her entire life savings — and her car.

Pope Paul Leads Half Billion Catholic in Vatican Ceremonies

BY THE ASSOCIATED PRESS acclamation of the Resurrex- tion. Christians around the world prepared today for a joyous Easter while Jews continued the observance of Passover, the most ancient of Jewish festi-

Holy Saturday services were held in many churches through- out the world.

Pope Paul VI, leader of the world's half billion Roman Catholics, took part in Holy Saturday services in St. Peter's Basilica as the huge Vatican church took on a look of rejoic- ing for the evening's Easter vi- gil ceremony following the aust- erity of sorrow of Good Friday.

In Roman Catholic churches, there were the traditional bless- ing of baptismal fonts and the renewal of baptismal promises. In early Christianity, Holy Sat- urday was a day when converts were baptized and admitted to membership.

The holy weekend will be capped Easter Sunday in joyous celebration of the Resurrex- tion. Many persons will worship at sunrise services Sunday.

The 48th annual Easter dawn service, beginning at 7 a.m., is expected to fill Radio City Mu- sic Hall in New York. It will be under auspices of the Manhat- tan Division of the Protestant Council of the City of New York.

The 193rd consecutive sunrise service of the Moravians in front of the historic home Mora- vian church in Salem Square, Winston-Salem, N.C., is expect- ed to draw large crowds as usu- al. Between 2 a.m. and 5 a.m., small bands of people will as- semble at street corners and awaken the city with Easter chorals and hymns.

At Rindge, N.H., the annual sunrise service at 4:30 a.m. at the Cathedral of the Pines is expected to attract thousands of persons from many parts of the United States and other coun- tries. The Altar of the Nation is in the cathedral at the tip of Mt. Monadnock which will be the

Alaska Shook By Earthquake

Good Friday, 1964

Was Date of Last Major Disaster

FAIRBANKS, Alaska (AP) — Another Good Friday earth- quake struck Alaska Friday, but this time the state was spared the death and destruction wrought by the historic one of March 27, 1964.

On that date, Good Friday of last year, a quake in south- central Alaska and the tidal wave it set off killed 115 persons and destroyed millions of dollar's worth of property.

Friday's tremor rattled dishes and windows in Nome and was felt in a dozen Eskimo vil- lages in the Norton Sound area of western Alaska.

"It was so strong in Unlak- leet, they asked whether there was a danger of a tidal wave," said Lester Bronson, Civil De- fense director at Nome.

No Tidal Wave

The Alaska Disaster Office in Anchorage was advised by the U.S. Coast and Geodetic Survey observatory in Honolulu that there would be no wave.

No damage was reported ex- cept for shattered windows in one village.

Benjamin O. Davis Jr., nominated Friday by President Johnson for promotion to lieutenant general, is the first Negro to reach that high rank in the United States mili- tary. Davis, a major gen- eral, has also been assign- ed to Korea as the second highest ranking American general in that country. Davis is 52 years old and the son of a retired Army brigadier general. STRICTLY BUSINESS By McFeather

A cartoon illustration. At the top, the text "STRICTLY BUSINESS" is written in a bold, sans-serif font. To the right of this text, the signature "By McFeather" is written in a cursive script. Below the text is a cartoon scene. In the foreground, a man with a large nose, wearing a patterned suit jacket and a tie, sits in a chair. He is looking down at a small piggy bank on the desk in front of him. To his right, another man in a dark suit is reclining in a chair, holding a telephone receiver to his ear. On the wall behind them is a rectangular sign with a black border and the words "SMALL LOAN DEPARTMENT" in bold, capital letters. In the background on the left, a man in a uniform with a peaked cap stands near a window with vertical bars. The entire scene is drawn in a simple, line-art style.

Heavy Political Overtones in Humphrey Talk

Speech to Editors Typical of Those Of Johnson Rule

BY DAVID LAWRENCE
WASHINGTON—Vice President Humphrey made on Thursday to the American Society of Newspaper Editors a long speech with plenty of political overtones in it. There was nobody on the program to present a rebuttal—but it really wasn't necessary. For the editors are

Lawrence

knowledgeable people, and they know the other side of the arguments the Vice President made.

Mr. Humphrey, for example, in answer to a question, insisted that the administration is not opposed to literacy tests, but merely to their abuse. Yet the pending voting-rights bill would, in effect, abolish in several states their present laws governing voting qualifications and leave it to the attorney general of the United States to prescribe what should or shouldn't be the qualifications for registering to vote.

There is nothing in the Constitution, of course, which gives any agency of the federal government the right to pass laws for the states. The Fifteenth Amendment does forbid any state to abridge the right to vote by reason of race or color, but the existing provisions of the federal Constitution do not say a state can lose its right to legislate on the subject or to be governed thereafter by the whims of Department of Justice officials or civil service registrars.

Bias Conceded

Mr. Humphrey took the position that there has been discrimination under literacy laws. War II broke out in 1939 and this is, of course, conceded. The proposed statute, however, would not only punish the states and other supplies from this, but forbidding them to use any country that unemployment was of their past literacy tests—substantially reduced and the even if they parallel those of United States started back northern states—but would put toward a satisfactory economic certain southern states on proposition.

Mr. Humphrey did make it would not necessarily relieve reference to the indifference of them of this penalty even if the United States in the 1920s to they made their statutes con-

form to the objectives of the Fifteenth Amendment itself.

Mr. Humphrey discussed the economic situation as a whole and spoke of it in glowing terms. He said, for instance:

"We will continue to forge a strong economy, unmarked by recessions. We will continue to search for and develop tools to overcome the so-called 'business cycle.'"

But throughout his entire speech—which was optimistic if not virtually a promise of utopian conditions—Mr. Humphrey didn't say a word about the financial position of the United States government in the world today. Many tragic occurrences in history point to the fact that a nation which year after year spends more than it takes in gradually depreciates its own currency and forces up the cost of living. The Vice President, however, seemed to think there is no crisis in American fiscal affairs. He said:

No Great Crisis
"Today this nation is no longer under threat of deep depression, of revolution, of near-fatal division. There is no great domestic economic crisis goading us into action. There are no breadlines."

Yet not long ago President Johnson was telling Congress of the terrible state of poverty existing in many regions of the country and why the federal government simply had to appropriate more money to wage a war on poverty. The idea conveyed was that millions of American citizens do not have enough food to eat.

The Vice President's speech was like many others being made by administration spokesmen. They give the impression that Americans have had virtually no educational program heretofore, that nothing has been done to improve the conditions of the masses of the people, and that now for the first time the American people are really going to become educated and attain some degree of well being.

Praises New Deal

Mr. Humphrey spoke in praise of the New Deal program of the administration of Franklin D. Roosevelt, who died twenty years ago. A depression of worldwide proportions had struck the nation's economy in the 1930s, and the unemployment figures rose to percentages and numbers never before known. But all the subsidies and aid the appropriations made by the government for relief and in aid of the unemployed did not remedy the fundamental condition. It was not until World War II broke out in 1939 and this is, of course, conceded. European nations began to make large purchases of arms from this, and the unemployment figures rose to percentages and numbers never before known. But all the subsidies and aid the appropriations made by the government for relief and in aid of the unemployed did not

Johnson Okays New Academy Superintendent

Negro General to Be Second Ranking Officer in Korea

JOHNSON CITY, Tex. (AP) — President Johnson approved today a shift in superintendents at the U.S. Air Force Academy. He also is sending a Negro to Korea to be the second highest ranking American general there.

The Texas White House announced that Lt. Gen. Thomas S. Moorman, now vice commander in chief, Pacific Air Force, will be the new superintendent of the academy at Colorado Springs, Colo. He will replace Maj. Gen. Robert H. Warren, who is being reassigned to an as yet undisclosed spot.

Warren has been superintendent since July 9, 1962. It was during his term that cheating scandals resulted in resignations of more than 100 cadets.

In Korea, Maj. Gen. Benjamin O. Davis Jr. will become chief of staff of United States forces there and chief of staff of the United Nations Command. He will be outranked only by Gen. Hamilton Howze, who is commander in chief of U.N. forces.

Johnson is nominating Davis for promotion to lieutenant general—the highest rank ever attained by a Negro in the U.S. armed forces.

Davis will replace Lt. Gen. Edwin B. Broadhurst, who died recently in Seoul. Davis now is assistant to the deputy chief of staff with the Air Force in Washington.

The White House also announced that Lt. Gen. Gordon A. Blake, retiring May 1 as director of the National Security Agency, will be nominated on a permanent basis for the rank he now holds.

Labor Leader Lauds Peace Conference Plan

BANGKOK, Thailand (AP) — Britain's peace envoy Patrick Gordon Walker said today a proposed international conference on Cambodia may be the best way of seeking a Viet Nam settlement.

"This clearly is one of the possibilities," the former foreign secretary told newsmen.

Gordon Walker arrived here from Singapore on the third leg of a Far Eastern peace-seeking tour that will take him to a number of Southeast Asian countries. Both North Viet Nam and Communist China have made clear he would not be welcome.

was right when he said the American government did not in those days perceive the importance of "foreign aid" and hence the whole world suffered as a consequence.

The Humphrey speech was an interesting example of the political motif of all the administration's speeches nowadays—to give the impression that the country not only is prosperous but is going to continue so indefinitely. The assumption during the prosperity of the 1920s was also that there never would be another recession or depression—but events turned out the other way.

State Can Force Support of Dependent Children, Parents

How far can the State of scribe the proportion he shall Wisconsin go in compelling one court has considerable discretion to support his dependents? How contribute. In this procedure the far should the state go? This is tion.

The typical situation involves support of an aged parent. The court may order one child to

A married manner approved by the wel- daughter with income or prop- fare authorities who have erty of her own might have to charge of the dependent or by contribute toward her parents' the board in charge of the support, but without the hus- band's consent, he cannot be compelled to contribute to the support of his wife's relatives.

This whole problem is cur- rently the subject of much interest. In a test case arising in California, the U.S. Supreme Court is being asked to rule whether it is unconstitutional to and vice versa. This is true require the support of a depend- ent relative in a state institu- a public institution (except a tuberculosis sanitarium) or is receiving some relief or old age benefits.

In a recent case, however, the State Supreme Court held that a grandfather was not legally responsible for the support of ly are applying earlier this year his granddaughter. The situation for September admission to he involved a case where a father deserted his wife and daughter, the director of state and public assistance was re- quired for support of the child.

State Persistent

The state is persistent in its efforts to enforce the liability as of April 1, compared with 4,827 on the same date last year, an 81 per cent increase. A request of the welfare authori- ties, commences an action in county court to compel the person to furnish the required support.

After a hearing the county court may order maintenance from such relatives, if of sufficient ability, in the follow- ing order: first the husband or wife; then the father; the children; and last, the mother. If the court is satisfied that such relative is unable wholly to maintain dependent person, but is able to contribute to his support, the court may pre-

Model Airplane Glue Fumes Can Hurt Lungs

BY JOSEPH G. MOLNER, M.D.
Dear Dr. Molner: As an avid model airplane fan, I have spent many hours in building and spraying planes with various cellulose dopes. This has been done, for the last eight years, in a small, poorly ventilated work- shop.

Now I hear that permanent damage can result from heavy

Dr. Molner

concentrations of these fumes. A recent examination showed that I have fatty degeneration of the liver. The doctor assumed it is from overindulgence in alcohol, but I have always been quite moderate in drinking. Could it be a result of the fumes?

I am not looking for an excuse, but would like to steer other modelers on a different course, if this is the case. — D. C. H.

Dear Dr. Molner: Is it true that hydrophobia means fear of water? Is a dog with the disease afraid of water? — C. L.

Yes, hydrophobia means fear of water, but rabies is a much better name for the disease. In latter stages of rabies, muscles of the throat are paralyzed, making it impossible to swallow. Such a dog isn't afraid of water, but is simply unable to drink, or swallow. With people, hydrophobia means a morbid fear of water.

Note to R. G. J.: Claudication means to limp — as when faulty circulation makes the muscles respond with pain. Obstruction of an artery, hardening of the arteries and other such causes may be involved.

What about constipation? Many can be relieved of it, both mentally and physically, by reading the booklet "The Way To Stop Constipation." For a copy write to Dr. Molner in care of the Post-Crescent, enclosing a long, self-addressed, stamped envelope, and 20 cents in coin to cover cost of printing and handling.

Leonard Kasten to Represent Sherwood At Badger Boys' State

SHERWOOD — Leonard Kasten Jr., a junior at Kaukauna High School, will represent the Sherwood area at Badger Boys' State, June 12-19 at Ripon College. He was chosen from a field of candidates submitted by the faculties of Hilbert, Kaukauna and St. Mary High School, Menasha.

He is an honor student and his this out, pour an ounce of, say, extra curricular activities in acetone, in a saucer, set it in clude, debate, volleyball, came the back yard, and see how ra club, band and participation quickly it evaporates. Do it outside to avoid any chance of being poisoned.

Solvent Evaporates

From this experiment you can see how much of such a solvent would evaporate inside a stuffy, small shop. The solvent (any of several that are used) may evaporate and disappear, but it is still in the air, and you breathe it.

It's only a month or so since my last strong warning against "glue sniffing," meaning the sniffing of fumes from tubes of these quick-drying glues. (Ordinary glue, of course, isn't dangerous.)

In factories where such stuff is used, blowers, hoods or other effective ventilation are necessary. A worker may detect the smell but not breathe air heavily laden with the stuff.

Today's letter comes from a man at one of our Air Force bases, obviously a young man who has airplanes in his blood, and more power to him. But he mustn't get these "dope" or "glue" solvents in his system.

In his case, I'd suggest abstinence from alcohol now. His liver has been damaged from now on avoid the risk that someone else could take with impunity. Alcohol can damage the liver. Strong doses of these solvents can do it faster. Faulty diet can do it. Don't let these various factors add up and increase total damage.

While I'm at it, here are two more warnings. One: Working in an atmosphere of such fumes carries a risk of explosion. They can be set off by the smallest spark.

Two: Many insecticides also are dangerous — garden sprays and such. So stay to windward when you spray. The particles of stuff, whether solid or liquid, will soon be dissipated in the open air, but don't spray against the wind, because then the insecticide will blow back in your face.

Hortonville Youth Awarded Four-Year College Scholarship

HORTONVILLE — Gary Garriott, son of Mr. and Mrs. George Garriott of Hortonville, was recently awarded a four-year scholarship to Valparaiso University, Indiana. Gary will enter Valparaiso next fall to study electrical engineering.

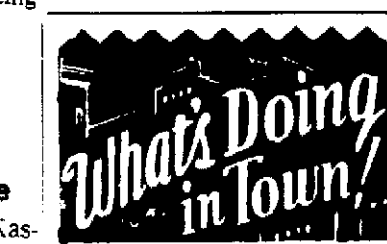

During his freshman year in high school Garriott won a two-week music scholarship at the University of Wisconsin. As a Junior he was awarded the Navy Cruise for his science project and was a Badger Boys' State representative.

Presently he is president of the senior class at Hortonville High School and a member of the National Honor Society. He also was selected as Boy of the Month by the Appleton Optimists Club. In high school he has maintained honor roll standings and won letters in cross-country, baseball, basketball, band and forensics.

Thousands of Starfish Victims of Poisoning

WARWICK, R.I. (AP) — Thousands of dead starfish were swept onto a 500-foot stretch of Conimicut Point Friday by the tides.

Dr. Charles J. Fish, professor of oceanography at the University of Rhode Island, said the fish apparently had been poisoned.

3-Day Water Carnival Set for June in Fremont

FREMONT — The Chamber of Commerce sponsored water carnival will be held here June 11-13. The schedule of events was set and chairman appointed at the Wednesday evening chamber meeting.

The carnival will open on Friday evening with Ronald Abbott and Pershing Cox chairman of the concession stands and Olin Mead, Robert Marks, Lawrence Stevens and Lester Koeppe in charge of a street dance.

Saturday and Sunday afternoon water events will feature skiff jousting, log rolling and water skiing directed by Gordon Puls, Edwin Rupno and Robert Averill.

Crowning of the Wolf River Queen will highlight the Saturday evening program. Organizations in more than eight counties will be invited to sponsor a queen entry. William Mathwig and Thomas Pitt will be in charge of arranging entry rules and qualifications.

Police and maintenance heads are Dale Ludtke, Mike Redemann and Lawrence McKewitt. The awarding of a boat and motor Sunday evening will be

arranged by Kenneth Abraham and Melvin Maierhafer.

The carnival will conclude with a Venetian boat parade to be held after dark Sunday.

Jack Abraham is general chairman of the three-day event which will include carnival rides, games and concessions.

Baseball Is Revived at New London

NEW LONDON — American Legion baseball has been revived after the program was ruled dead less than two weeks.

Lack of funds threatened to end a life of more than 30 years of Legion baseball in New London, but merchants and New London residents responded to the call and made donations and pledges adequate to cover the expense of continuing the program for at least another year.

The New London American Legion Tuesday voted to continue the program, reported A. W. "Duke" Herres, athletic director.

Herres said he did not have a complete report on the funds raised or pledged, but they would be enough to cover the estimated \$400 expense of the program for the year.

Managing this year's team will be Mel Borchardt and Neil Malueg.

Borchardt said he should have a nucleus of five or six boys for the 1965 New London American Legion Team.

20 Students From Shiocton Achieve Honor Roll

SHIOCTON — Some 20 high school students were listed on the school honor roll during the third nine-week period.

The senior and freshman classes topped the list with seven and six members making the rating, respectively.

State Dairymen's Strategy Secret

Aim for Lower-Cost Butter

MADISON (AP)—Wisconsin's dairy industry has hopes of marketing a lower-priced butter to compete with colored oleo-

This would open the door for when the State Legislature repeals the nation's only ban on creamery spread or whatever.

Details of the strategy are secret but they appear simple so simple, in fact, they passed unnoticed several weeks ago when a bill was introduced to repeal the 30-year-old controversy.

Many sponsors of the bill are anxious to repeal the oleo ban which provides them with every session with serious political questions.

The bill will receive a public hearing before the Assembly Agriculture Committee on Wednesday. Testimony before the committee on the proposal could illuminate the dairy industry's public thinking on the subject.

Under existing law no person can use the words "butter, cream, creamery or dairy" to describe a product designed to serve as a substitute for butter.

Agriculture Department would continue to be law mended the bill for introduction.

"unless all of the fat used in the substitute is butterfat."

Wolf River Reaches Crest At New London, Then Drops

Embarrass Waters Cause Flood Threat

NEW LONDON — Residents of New London and other areas along the Wolf River can take a deep sign of relief today and hope that heavy precipitation will not come soon.

New London Corps of Engineers gauge reader Ruben Voss reports the Wolf River reached its crest early Friday. Voss said the gauge showed a reading of 9.65 feet at 7 a.m. Friday and 9.64 at 10 a.m. and noon.

Although the drop in New London was only slight, areas further upstream on the Wolf and Embarrass Rivers reported drops of more than a foot at vital areas which have caused high water further downstream.

Dams at Clintonville, Marion and Shawano had to be opened because of the volume of water backed up at those points. The rapid release of water into the channels swelled water levels in New London.

Waters from the Embarrass River caused the greatest threat of flooding to New London. An estimated 1,000 acres of low lands along both the Wolf and Embarrass were under water with the greatest flooding being caused by the Embarrass along State 54 and Rasmussen Canal which runs under U.S. 45 south of State 54.

Ray Pelishek, public works director, said the Corps of Engineers during tests Thursday showed that 9,300 gallons per second were passing under the Pearl Street bridge. He said the record was just over 15,000 gallons.

Most seriously affected in the city was the area to the south of Cooper, Greg Charlesworth, Don Greibenow, Gary Henke and Mrs. Evelyn Suomi.

Student committee chairmen are Kay Stoffel, Sharon Sutter, Margie Burns, Rose Marzinsk, Kathleen Ziener, stopped Judy Duch, Jerry Kent, Dave Brenske, Mary Marasch, Marcia Radtke, Teri Sgroi, Susie Ulmet, Lynette Steingraber and Sally Casey.

The New London Ladies Golf Club will sponsor a pre-prom party at the clubhouse.

New London Juniors Pick Prom Theme

NEW LONDON — "In Apple Blossom Time" has been chosen as the theme of the Junior Prom to be held at New London High School April 30.

Ron Steinhorst and Bob Dehlinger are faculty co-chairmen for the event. Other advisers are Louella Badzinski, Neil Greibenow, Gary Henke and Mrs. Evelyn Suomi.

Conservation Department Tells Need

Uniform Marking System Urged For Wisconsin's Inland Waterways

Post-Crescent Madison Bureau

MADISON — The time is at hand when the boaters of Wisconsin need "highway signs" to guide them in their travels on the inland waterways of the state.

The state Assembly was told Wednesday by an officer of the Conservation Department, Wisconsin should adopt a uniform navigational aid marking system as worked out by the Council of State Governments and already put into effect or in process of adoption in a majority of the states.

The department told an assembly hearing committee in support of a measure already approved by the state Senate.

Harold Hettrick of the state department enforcement staff noted the enormous increase in the number of inexperienced pleasure boat users in the state, and the annual thousands of tourists with boats

who are unfamiliar with Wisconsin waters.

Designate Areas
The uniform system of buoys bearing markers would designate danger zones, restricted areas such as swimming beaches, passing instructions, anchorages, safe channels and other necessary information especially important to strangers on Wisconsin waterways, it was explained.

Several spokesmen of Wisconsin municipalities expressed concern that such a uniform marking system, if promulgated by the Conservation Department, would lead to demands for municipal expenditures to achieve such navigational guide systems.

One spokesman said buoys might be designed to cost several hundred dollars each.

Hettrick said the proposed regulation would not require any municipality to act, but would assure uniformity throughout the state and conformity with nationally used standards in the event such marking systems are installed anywhere in the state.

He said the department would also hold public hearings before writing any such rules under the enabling legislation.

New London Easter Egg Set Sunday

NEW LONDON — The fourth annual New London Junior Chamber of Commerce Easter Egg Hunt will be held in Hatton Memorial Park at 1 p.m. Sunday.

Neil Malueg, egg hunt chairman, said 2,500 numbered colored eggs will be put out in the park area. New London merchants have donated between 100 and 150 prizes.

The winning numbers will be written on a blackboard. Children who find eggs with corresponding numbers will receive prizes.

The children will be divided into two groups. Malueg said. One group of children is under four and the other is under eight grade.

About 1,500 youngsters usually take part in the hunt.

St. John Pupils Dominate Seymour Art Exhibit Prizes

SEYMOUR — Three of the top four elementary art exhibits, chosen by the Woman's Club Monday night were submitted by pupils from St. John the Baptist School.

The fourth was submitted by a Seymour elementary pupil. Winners were Gail Fischer, first; Janice Goffard, second; and Brian Liess and Lois Wendt tied for third.

The annual club banquet will be at the Hotel Seymour May 10. The senior class of Seymour Community High School invited club members to attend the annual class play at 8 p.m. May 11.

Hostesses were Mrs. Carl Tickler, Mrs. Forrest Huth, William Froehlich, route 1, Mrs. Ernest Schuster, and Mrs. Joseph Lotter.

Waupaca Told Cost to Board Prisoners Is Up

**Shawano Hikes Fees
For Care of Women,
Juvenile Transfers**

WAUPACA — The Waupaca County sheriff's department has been notified that costs of holding prisoners at the Shawano County jail will be increased.

Because Waupaca County does not have facilities for women and juvenile prisoners in its present jail, these prisoners have been transferred to Shawano County.

Earlier this month Waupaca County received a bill from \$474 from Shawano County for prisoners held during the first three months of this year.

Friday an amended bill was received asking for another \$312 for the same period.

The letter received along with the bill stated that because full-time matrons now are employed for women prisoners the daily rate has been increased by the Shawano County Board.

Until now, the sheriff's wife acted as matron but this has been discontinued. It was explained that if two or more counties had women prisoners in jail, the \$27 per day rate would be prorated.

Meals and room charges will remain the same.

During January, Waupaca County prisoners spent 37 days in the Shawano County jail. Matron service for 27 of these days totaled \$364. Meals at a rate of 66 and two-thirds cents per meal amounted to \$68 and the 37 days of room service was \$37 for a total of \$469 for the month.

Monthly Totals
For February, there were eight days of matron service which was prorated at \$94, six days of room service, totaling \$6 and 15 meals which amounted to \$10 for a monthly charge of \$110.

In March the six days of matron service was prorated at \$58, 15 days of room service at \$50 and 148 meals costing \$98, for a total of \$207 for the month.

The women and juvenile prisoners being held at Shawano were waiting trial in County Court. Undersheriff William Mork said.

April 21, construction of a new jail in Waupaca County will come before the county board. If they decide to construct a new jail, they will have several plans presented. One of the plans calls for the jail to be built away from the courthouse square and the other four on the square.

One of the plans calls for the construction of the jail where the present jail is located. If the jail is located on the present jail site, prisoners will have to be transported to another county for at least one year during construction.

Shrine Meeting
WAUPACA — The Inter-City Shrine Club will gather at 6:15 p.m. Wednesday in the Waupaca Country Club for a dinner meeting.

**More Students
Gain Honor Roll
At Brillion High**

BRILLION — The honor roll for the third nine-week period at the high school lists 79 students. This is an increase of four honor students over the second nine weeks and an increase of 21 over the first nine-weeks listing.

Twenty-seven of these are "special" honor students who have maintained a grade point higher than 3.5. They are John Moehr, Joyce Bottcher, Marilyn Tamm, Joan Pagel, Rita Lyn Krueger, Rhonda Hacker and Kathleen Behnke, freshmen; David Zuelke, Mary Stern, Don Schnell, Ellen Haun, Catherine Crawley, Kathy Biedenbender, David Arps and Walter Boeder, sophomores; Marion Paul, Joyce Schaefer, Dawne Huebner, Barbara Brockmann, John Haun and Mary Lewis, juniors; and James Ross, Carol Boeder, Arlette Caflisch, Charlotte Boeder, Sue Dexheimer and Debora Brehmer, seniors.

**Clintonville Woman
Will Celebrate 90th

Court Reversal of CAB Decision Has Established Precedent for Winnebago, Outagamie Conflict

BY DICK LYNEIS

Post-Crescent Staff Writer

Reversal by a federal court of a Civil Aeronautics Board (CAB) decision on consolidation of air service to a New England area is expected to have an effect on the legal battle being fought between Winnebago and Outagamie Counties for North Central Airlines service.

Officials of the State Aeronautics Commission and two Fox Valley counties have learned that the United States First District Circuit Court of Appeals has overruled a CAB order for consolidation of air service for New Haven, Conn., at the Bridgeport airport.

The results of the New Haven-Bridgeport case, which were appealed by New Haven, may affect the appeal in the North Central Airlines airports case which is now before the U.S. First District Court in Chicago.

Precedent
The effect, attorneys representing Outagamie County said today, is that a precedent has been established in which the CAB has been overruled by the court.

In the Wisconsin case, after years of dispute and hearings, the CAB ordered that Fox Cities-Oshkosh North Central service Outagamie's move was a violation of the status quo order of airport, Clintonville-Green Bay service be combined at Green Bay, and that Ashland, Wis., may be giving board members Ironwood, Mich., service be combined at Ironwood.

The CAB order has been appealed by the three areas losing North Central service and by the state attorney general's office which is representing the Wisconsin State Aeronautics Commission. The CAB granted a stay on the effectiveness of its order until the Chicago-based federal court disposes of the appeals.

Mark Catlin Jr., an Appleton attorney who is chairman of the Outagamie County Board's airport committee, said "several parallels exist between the New Haven-Bridgeport case and the Oshkosh-Appleton case."

Called Inconsistent
In the New England case, the U.S. Court held, in effect, that the CAB decision was "inconsistent with other board decisions involving similar issues and substantially the same issues as our case," Catlin said.

The court determined the CAB decision "was an arbitrary and capricious decision that had to be reversed."

In addition, the court referred to "the inadequacy and language of the board's findings" and came to the conclusion that "the absence of any intelligible statement" is why it acted the way it did.

A reversal means the New Haven-Bridgeport decision could revert to the status quo that existed before the hearing began or it may hold new hearings to develop evidence so that they might come up with findings more in line with the court's objections and based upon substantial evidence.

Catlin said one great similarity exists between the New England dispute over Allegheny Airline service and the Fox plans or strategy by us.

Valley dispute for North Central service.

No Reasonable Grounds
"The court," he explained, "said there were no reasonable grounds for the CAB action."

They pointed out that despite the fact that hearings were held to develop adequate evidence, the CAB did not make a reasonable finding because it disregarded the record evidence.

"This decision has no compelling effect on the Seventh District Court," Catlin said, "but the similarity of the situations may be very telling on the court's decision in our matter."

The New England federal court's decision may be having another effect on the CAB in a matter being decided upon now. The CAB order that the "status quo" must be maintained while the appeal by the Central Airlines airports case is before the federal court.

However, when Outagamie County's airport committee voted to close its old Town of Grand Chute airport on April 24 and to open its new Greenville today, is that a precedent has been established in which the Central petitioned the CAB for the permission to suspend service to the Fox Cities at Outagamie County's airport to shift all years of dispute and hearings, service to Oshkosh, North Central officials reasoned that the CAB's move was a violation of the status quo order of airport, Clintonville-Green Bay service be combined at Green Bay, and that Ashland, Wis., may be giving board members Ironwood, Mich., service be combined at Ironwood.

Workers Continue Flood Water Fight

have been evacuated in La Crosse and Prairie du Chien. Red Cross officials estimated the eventual number of evacuees would be more than 14,000 in 15 counties.

"We can't stop water any more," said Dan Foley, Civil Defense director for Wabasha, and former national commander of the American Legion. "But we can try to stop the ice."

About one third of Wabasha, a community of 2,500 some 85 miles southeast of here, is under water, and flood water has cut off all roads leading into the community.

Dikes At Lake Pepin

Dikes thrown up in the community are now threatened by ice from Lake Pepin, a widening of the Mississippi just above Wabasha.

Further downstream, Winona, a community of 25,000, has thrown up nine miles of dikes 25 feet high in hopes of turning back the devastating water. If the dikes give way, 80 per cent of the community will be under water.

Even while floods poured into more communities, rain and snow Friday pushed forecasts of flood crests higher.

Joseph Strub, the Weather Bureau's flood expert, said cool weather slowed runoff, and that the Mississippi won't crest at St. Paul until Tuesday. "Another half foot or foot really makes little difference at St. Paul," Strub said. "Most of the damage has already been done."

He added, however, that St. Paul remains the most serious area because the river likely will remain near or at its crest there for up to a week. Continuing hammering of flood water weakens temporary dikes, Strub noted.

Doing Combat

Stillwater, on the St. Croix River, 15 miles northeast of St. Paul, is also doing combat with the record flood water. The river wind there reached 693.31 feet above sea level there late Friday, permission to get rid of the starlings any way it sees fit.

Missouri Town Has Problem of Histoplasmosis

DEXTER, Mo. (AP) — This southeastern Missouri town of 5,519 persons and 8,000,000 starlings has a high incidence of the fungus-caused lung disease histoplasmosis, and the birds are suspected.

Dr. S. B. Beecher, district officer of the Missouri Division of Health, said that 1,114 of 1,198 residents tested showed positive reactions to the tuberculosis-like ailment.

This does not mean that the 1,114 have histoplasmosis now," Dr. Beecher said, "but they have been infected at some time in their lives."

A 20-acre area in town is used as a roosting place by the starlings. The histoplasmosis fungus lives in the bird droppings. Paul, is also doing combat with the record flood water. The river wind there reached 693.31 feet above sea level there late Friday, permission to get rid of the starlings any way it sees fit.

Church in Africa Businessmen-Priests Studied by Anglicans

JOHANNESBURG, South Africa (AP) — After a hard day's work at the office, a few South Africans may soon swap their smart business suits for the attire of an Anglican priest.

The possible establishment of a part-time priesthood is being studied by the Anglican Church in Johannesburg.

The businessmen-priests would continue with their everyday jobs. But after office hours they would become full-fledged ministers.

The Anglican bishop of Johannesburg, the Right Rev. Leslie Stradling, said candidates would receive training for ordination over three years at evening classes. A correspondence course for people living in country areas also might be started.

"It is only an idea at the moment and we will have to feel our way," said the bishop. "But we think it is a good one. We are all concerned at the lack of impact the Church is having in our time."

Not Interest

"There is an enormous number of people who have no interest at all in religion and one has to go out and get them," he said.

The part-time priests would receive no salary from the Church. Besides their general ministry in everyday life, they would assist parish priests and conduct services.

Twelve laymen in the Johannesburg diocese already have expressed interest in the part-time priesthood scheme.

Commenting editorially, Johannesburg's Rand Daily Mail said: "The worker-priest could become a living link between the Church and the people. He would serve as a demonstration that its teachings and ideals are not just Sunday topics."

Pilgrims Flock to See It

Legendary Holy Grail Again Draws Attention to Welsh Seaside Resort

ABERYSTWYTH, Wales (AP) — A chipped wooden bowl many are convinced Christ used it at the Last Supper is once again the center of attention as Easter pilgrims flock to see it at the Last Supper. (AP Wirephoto)

One fact appears certain. The cup is old enough to fit the role. And it did not originate in Britain.

Pilgrims flocked to see the legendary Holy Grail on display during Passion Week at an ivy-covered 18th century manor house owned by Maj. and Mrs. J.S. Myrlees.

Historians, prelates and poets have shared a fascination for the origin of the blackened vessel. They have traced its 3,000-mile journey from Palestine to the Cardiganshire hills near Nanteos.

While there is no proof linking it with the Last Supper, there is none to explode the legend either.

Ballads, Poems

Ballads and poems about the Nanteos chalice have abounded for centuries. The Welsh believe it inspired the tale of King Arthur.

Passed to Son

The story is that he passed the chalice on to his son at Glastonbury in Somerset. It remained there for centuries as the prize of a monastery which was erected on the spot — Glastonbury Abbey.

The Powell family acquired the Nanteos estate in the 18th century and it passed down the line to Mrs. Myrlees, a direct descendant.

The present abode of the cup was built in 1739. It has attracted many. The German composer, Richard Wagner, was one who came to see it and it is said he was so impressed that it inspired his Parsifal, closely associated with the legend of the Holy Grail.

Nanteos open to the public attracts thousands of tourists. The route also includes a visit to the Strata Florida Abbey where the cup rested previously, though like Glastonbury before it, it has been in ruins for more than 400 years.

Whatever the truth of the cup, its mere existence — especially in Passion Week — arouses veneration among the faithful.

The POWER of FAITH

By WOODIE ISHMAEL

The devout faith of many an unknown poet, writer and musician has inspired a message that has left the world richer in understanding and praise of the Lord. These words or music sustain the power of our faith. Much has been written on Easter but none gives a more beautiful message than the little poem written by one of the many unknowns.

EASTER

Sing, soul of mine, this day of days,
The Lord is risen.
Toward the sun-rising set thy face,
The Lord is risen.
Behold He giveth strength and grace;
For darkness, light; for mourning, praise;
For sin, his holiness; for conflict, peace.

Arise, O Soul, this Easter Day!
Forget the tomb of yesterday,
For thou from bondage art set free;
Thou sharest in His victory
And life eternal is for thee,
Because the Lord is risen.

Cloninger to Work Against Chicago Today

Bragan Pleased With Sadowski's 4-Hit Performance

MILWAUKEE (AP) — One good right-handed performance merits another in the planning of Milwaukee Braves Manager Bobby Bragan who picked Tony Cloninger for today's game with the Chicago Cubs.

Bob Sadowski, another right-hander, stopped the Cubs on four hits in hurling the Braves to a 5-1 victory Thursday as they opened their final Milwaukee season before moving to Atlanta in 1966.

Bragan said the performance by Sadowski indicated he was "the starting right-hander we needed to go with Cloninger." He said the club has good left-handers in Denney Lemaster and Wade Blasingame and will need them against teams with left-handed power, such as Cincinnati and Philadelphia.

"There isn't a team in the league you'd exactly spot a right-hander against, unless it might be the Giants," said Bragan. "But pitchers like Cloninger and Sadowski can battle and beat the good teams, and that's important."

Telecasting On Coast

Cloninger was 19-14 last year and hurled a two-hitter as the Braves opened their season in Cincinnati last Monday with a victory over the Reds. He was opposed today by Cal Koonce. The game was scheduled for 4:15 p.m. to permit telecasting on the West Coast.

The victory over the Cubs added to Bragan's optimism.

"We're faster on the field, better in the bullpen and deeper in the dugout," he said. "And I think we'll have enough first line pitching to make a real run for the pennant."

"The thing that encourages me about this team is that we made these improvements — in speed, in depth and in pitching — without giving up any players and without sacrificing anything, especially power."

"We can do more things. We can flatten 'em or finesse 'em, depending upon the opposition and the situation. That makes us just so much better, maybe even good enough."

A crowd of better than 33,000 turned out for Thursday's game, but while the major leagues were idle on Good Friday Wisconsin's weather deteriorated to include a few snow flurries late in the day. A forecast of showers and temperatures in the 40s was not expected to do much for today's turnout.

Cepeda Will Give Knee Full Test In About a Week

NEW YORK (AP) — Orlando Cepeda, San Francisco first baseman who underwent surgery last December for a torn ligament in his right knee, was told Friday he soon would be as good as new.

Cepeda, who accompanied the team to New York for its three-game weekend series with the Mets, underwent a check-up. He was told the knee was mending satisfactorily and that he should be ready to give it a full test in about a week.

Aside from taking part in infield practice, on a limited basis, the 27-year old slugger has seen no action this season. He appeared in only five games during the spring training season, three times as a pinch hitter. His longest stint in any game was one inning.

Willie McCovey has been filling in for Cepeda at first base, with Matty Alou taking over McCovey's spot in left field.

Cepeda was one of the Giants' big guns last year when he batted .304, hit 31 home runs and drove in 97 runs in 142 games.

ABA Tourney Will Open Monday Night

The 26th annual Appleton Bowling Association tournament will get underway Monday night at Hahn's Lanes, according to Duane (Kat) Kassube, secretary.

A total of 123 teams has entered the tourney and team competition will continue through the week.

Doubles and singles action starts April 26 and will continue through May 2.

The Kansas City Athletics have changed their emblem from an elephant to a Missouri Mule. The emblem shows the club's new mascot, Charlie O, wearing a green KC baseball cap with a yellow and green-trimmed blanket. (AP Wirephoto)

Area Golf Courses Won't Open for At Least a Week

Links Facilities Behind Schedule; Some Personnel Changes Noted

BY TERRY GALVIN

Post-Crescent Staff Writer

Yes, that white, rather wet material that adorned lawns in the Fox Cities-area early this morning is commonly referred to as snow.

This, coupled with the unseasonably cold weather of late, undoubtedly has the area's links-lovers up in arms.

Well, according to latest reports, the area golf courses will remain closed for another week or so. Winagamie, located six miles west of Appleton on Highway BB, had hopes of opening as early as Thursday of the approaching week, according to officials of the course.

'Weather Permitting'

Needless to say, a 'weather permitting' was added to the aforementioned and, judging by last night's white flakes, the weather is simply not cooperating.

Most of the other courses: Ridgeway, Bridgwood, Fox Valley, North Shore, Riverview and Butte des Morts have hopes of opening as late as Saturday, or one week hence. Reid Municipal's fairways probably won't be burdened by another two weeks.

The majority of the courses report no major improvements, with exception of Riverview, where a new watering system has been installed.

The major changes this season are in the personnel departments, though some old familiar faces will continue to serve Fox Cities golfers, as well.

The new professional at Reid Municipal, Lou Warobick, will be joined by his Manitowoc Branch River assistant of seven years Monday. Warobick's right-hand man is Ron Bosi.

Entering 18th Season

Joe Kneice will be entering his 18th season as keeper of the Muni's gently rolling greens.

Ev Leonard, BDM's erstwhile pro for the past 30 seasons, announced the appointment of Jim Hahn as his assistant. Hahn, a 24-year-old eligible bachelor, is the son of golf's famed trick-shot artist, Paul.

Jim's credentials include stints as an instructor and assistant at Port St. Lucie Country Club in Fort Pierce, Fla., during the "past" winter. Hahn spent the '64 summer season at the Heather Downs C. C. in Toledo, O.

Hahn attended the University of North Carolina before serving a 4-year hitch in the United States Air Force. He assumed his present position April 15.

Available For Instruction

Leonard and Hahn announced that both will be available for instruction henceforth, and also noted that the BDM practice range is open. Irv Johnson will again serve as BDM's greens-keeper.

Badgers Qualify Single Entrant In Kansas Relays

LAWRENCE, Kan. (AP) — Wisconsin qualified only one entrant—dashman Chuck Hendrick—for today's finals in the Kansas Relays.

Hendrick was clocked in 9.7 seconds as he finished second in the 100 to Oklahoma's Jim Jackson in the third qualifying heat. Jackson's time was 9.6.

Gerry Beatty, Wisconsin's Big Ten indoor champion in the 70-yard high hurdles, was eliminated in the semifinals of the 120-yard high hurdles. He had finished third in an earlier heat.

In the mile relay, the Badgers were a close third in their heat, won by Southern Illinois in 3:13.3 with Kansas State second. Only first and second place teams in the heats advanced.

Piton Vetoes Request for 6-Day Delay

The Fox Cities Foxes will open their Midwest League season against Cedar Rapids, Sunday, April 25, as originally scheduled, according to a report from the circuit's president, James Gruenwald.

Phil Piton, President of the National Association, refused to support a resolution issued by the league Wednesday after an emergency meeting in Dubuque, Ia. Three Iowa teams, Dubuque, Clinton, and Davenport, are being hampered by flood conditions and will have trouble opening the season. Games postponed due to the flood waters will be rescheduled the same as rainouts.

ML and club officials had voted to delay the start of the season six days—and play the postponed games at the end of the campaign. Piton ruled that the league season must start April 25.

The Foxes went through their final full-scale workout at Thomasville, Ga. today. A light drill is slated for Sunday, with some of the players departing for the Fox Cities Sunday night.

Manager Billy DeMars left Thomasville this morning for his home in Rochester, N.Y. He will fly here Wednesday.

Badgers Sweep Twin Bill From Illinois Wesleyan

MADISON (AP)—Wisconsin's baseball team opened its home season Friday with two victories over Illinois Wesleyan, 12-3 and 5-2.

The games had been scheduled for Bloomington, Ill., but because of bad weather there were switched to Madison. The Badgers traveled to Valparaiso, Ind., for two games with Valparaiso today.

Lance Tobert scattered eight hits in the first game as the Badgers got to three Wesleyan hurlers for 14 hits. Rick Hense had 4 for 4 for the Badgers.

Paul Morenz had two of six Wisconsin hits and drove in two runs in the nightcap as Rick Fenn held Wesleyan without a run until the seventh inning.

Two Changes in ABC Tourney's Top 10 Marked

ST. PAUL (AP) — A band director and a bowling lanes manager, both from Glenwood, Iowa, accounted for changes in the regular singles and all-day events in the American Bowling Congress Tournament Friday.

Bob Forney, 40, band director at Glenwood High School, moved into fifth place in the all-events with a 1,872 total. He shot 649 in the doubles, 593 in the singles and 630 in the team event.

Jim Stanley, 32, youngest of three brothers competing in the ABC, rolled games of 205, 243 and 231 for a 679 and sixth place in the regular singles.

Stanley rolled a 275 game in the team competition, which helped his Jack Stanley Ready-Mix team of Thurman, Iowa, to a 1,095 finale — best game by a regular team in the tournament.

Martindale and Koufax Faces Phils Yancey Tied in Houston Classic

Nichols One Stroke Behind at Halfway Mark With 136

HOUSTON, Tex. (AP) — Bert Yancey, a Floridian by way of Philadelphia, shared Texas Aggie Day at the \$55,000 Houston Golf Classic today with Billy Martindale and Bobby Nichols.

Yancey and Martindale were tied for the lead at the halfway mark in the 72-hole chase for \$12,000 in top money with 135 totals.

Martindale shot a 66 Friday, and Yancey came in with a 70.

Nichols, the 1964 PGA champion, blew a two-foot putt on the final green to drop one stroke off the pace. He had a 69 for a 136 total.

Aggie grads were expected to swarm onto the 7,233-yard par 71 Sharpstown Country club course because Nichols, 29, was a member of the class of 1958, and Martindale, 26, followed in 1961.

Nichols is accustomed to having a cheering Aggie gallery to follow him in Houston. They got into the habit in 1962 when the former Southwest Conference champion won the Classic and \$9,000.

Tied at 137 were Bruce Devlin of Australia and Don January, the 1960 PGA runner-up from Dallas, Tex.

Black Hawks' Hull Eyes Several 'Cup' Records

BY JOE MOOSHL

MONTREAL (AP) — Bobby Hull, the Chicago Black Hawks' blond bomber, has his sights set on several records and if he succeeds the Chicago Black Hawks might capture their first Stanley Cup championship in four years.

The Hawks eliminated Detroit's National Hockey League champions in the seventh game of the semifinals Thursday and open the best-of-7 finals in Montreal tonight.

Hull scored eight goals and had five assists for 13 points against Detroit. The eight goals tied a semifinal record which he previously shared with Detroit's Gordie Howe and Jerry Toppazzini of Boston.

This leaves Hull only four goals short of the playoff record of 12 shared by Montreal's Maurice Richard and Jean Beliveau.

Record Try Thwarted
Anything Hull does on the ice shouldn't surprise anyone, but his resurgence in the series was unexpected because of injuries which thwarted his goal-scoring record attempt during the regular season.

Hull scored 32 goals in the first half of the season but was limited to seven in the last half.

The Baltimore Orioles are carrying five rookies on their 27-man roster. From left, they are outfielder Paul Blair, infielder Dave Johnson, pitcher Darold Knowles, pitcher Jim Palmer and first sacker-outfield-

er Curt Blefary. With exception of the hurlers, the remaining three have made debuts in the Orioles' first two games of the current season. (AP Wirephoto)

Sunday's Performance Will Give Clue on Dodgers' Flag Chances

BY MIKE RATHET

Sandy Koufax will be on ice Sunday, hopefully feeling no pain.

And when his arthritic elbow thaws out, the Los Angeles Dodgers may have their first major clue to how often their ace left-hander will be able to lend his talents to the chase for the National League pennant.

Currently labeled for use only on Sundays, the 29-year-old strikeout king makes his first start of the regular season at Philadelphia Sunday, then will take the necessary precautions by packing his elbow in ice and awaiting the results.

But since Koufax' return to the Dodgers and last Sunday's three-inning stint against Washington in an exhibition game, the uncertainty surrounding his condition has abated.

Little Difficulty
Koufax handled the Senators with little difficulty, allowing only one hit while striking out five and walking none. Afterwards he said:

"I'm ready to pitch any time. I feel better than I have the entire season."

Lew Alcindor Heads 37-Man Delegation Of Basketball Stars

NEW YORK (AP)—Bob Sullivan of Manitowoc, Wis., was named today on the 37-man All-America high school basketball team by Scholastic Magazine.

NEW YORK (AP) — Lew Alcindor, the 7-foot-1 star of New York City's Power Memorial High School, heads the 37-man All-America high school basketball squad named Friday by Scholastic Magazine.

This is the third time on the team for Alcindor, who matches the achievement of Jerry Lucas of Middletown, Ohio, chosen in 1956-57-58. The New York boy averaged 30 points and 25 rebounds a game.

Alcindor is the tallest player ever selected on the team and the squad's average height also is the greatest ever—6 feet, 5½ inches. Eleven of those selected are 6-8 and better.

The second tallest player at 6-11 is Rusty Clark of Fayetteville, N.C., who averaged 24.8 points a game in leading his team to the state championship.

Other towering players widely sought by colleges are Chris Thomforde, 6-10, from Brookville, N.Y.; Joe Bergman, 6-9, from Clinton, Iowa; and Mike Davis, 6-9, of Aurora, Colo.

Strike Threatened By Dodgers' Stadium Workers
LOS ANGELES (AP) — Picket lines will be honored at other National League baseball parks, say union officials, if a strike is called at Los Angeles Dodger Stadium.

Affiliates of the AFL-CIO Building Service Employees Union in several other league cities "will respect picket lines wherever we set them up," said Max Richardson, head of Local 399, Friday.

Despite the hovering threat, the Dodger home season opener with the New York Mets Tuesday night shouldn't be affected, Richardson said.

Richardson said further extensions of the contract can be made if talks slated Tuesday morning take a "serious" tone.

The contract, which expired last January, covers about 300 stadium workers, including janitors, ticket takers and ushers who were sanctioned by the members of the AFL-CIO Building Service Employees Union in several other league cities.

Palmer Teams With 'Ike' for Golf Match

Famed Twosome to Perform for Benefit Of Heart Association

PHILADELPHIA (AP) — Former President Dwight D. Eisenhower and golf pro Arnold Palmer will team May 26 in a golf exhibition to benefit the Heart Association of South-eastern Pennsylvania.

Last year, Eisenhower and Palmer teamed in a similar charity program to defeat dancing star Ray Bolger and pro Jimmy Demaret at the Merion Golf Club, 3 and 2. Their opponents next month have not been named.

Last year's match, the former president's first public golf appearance, earned more than \$20,000 for the heart group. As was the case last year, only 250 tickets will be sold at \$100 each for a special luncheon before the match.

The gallery will be limited to 500 others at a cost of \$25 a ticket. The match will be held at the Philadelphia Country Club in suburban Spring Mill.

Also similar to last year, each golfer will hit off the tee, and then play the ball his partner originally drive. Teammates then will select one ball to be played into the cup. The other ball will be pocketed. When a team has selected the ball to continue with, the players will hit alternate shots.

Auerbach Foresees Letdown in Playoff

Lakers, Celtics Vie for NBA Title Sunday in Opener of Best-of-7 Set

BY BOB HOOBING
BOSTON (AP) — Boston Coach Red Auerbach fears a letdown more than the Los Angeles Lakers in the National Basketball Association championship series opening here Sunday, although his Celtics are 2-to-1 favorites to gain their seventh straight NBA crown.

The Celtics won an NBA season's record 62 games, then survived a fright to edge Philadelphia 110-109 in their Eastern Division showdown Thursday.

"The rest is meaningless unless we win the big prize," Auerbach said. "But we're worried about a letdown. We've just been through a very difficult series, physically and mentally."

"The players feel like a great weight has been lifted off their shoulders. But I don't know what the reaction will be. That's the thing."

Los Angeles wrapped up the Western Division series in six games against Baltimore that Dick Koeller of La Crosse and Lynn Buss of Wausau, both forward Elgin Baylor, who underwent pre-football knee surgery at the La Crosse hospital, will attend UW athletic start of the playoffs. Washington Kegler Hits High Count In Team Action

PORTLAND, Ore. (AP) — A Tacoma, Wash., team, Parker Paint, capped Friday's bowling in the Woman's International Bowling Congress tournament by taking over second place in Division II team standings.

Led by Deloryse Coberly's 539, the team put a 2386 on the board, while in the same division Amusement Sales Inc. of Seattle bowled 2372 for third place.

The tournament, which is in its 10th day today, had its highest three-game series scored Friday when Jen Kask, an Edmonds, Wash., beautician with a 169 average, bowled games of 207-197-232 for a 636.

Leads Team
She led the Seattle First National Bank, Lynwood Branch, into seventh place in Division I with a 2498. Her 636 topped a series of 621 rolled last Sunday by Karen Smith, Central Point, Ore.

Also moving onto the Division I board was the Dickson Coffee five of Vancouver, B.C. The Canadian team had 2526 for fifth place.

Earlier Friday, the Vancouver, B.C., duo of Kory Farrell and Dora Allan bowled a 1080 for sixth place in Division I doubles. Mrs. Allan, with a string of seven strikes in a 231 game, had a 599 series to lead the way.

Lucile Greenfield, Vancouver, Wash., moved into seventh place in Division I singles with a 590 series.

We Are Not Masters of Our Fate

Man can send objects weighing many tons out into space to orbit the earth or the sun in imitation of the planets. He can even ride some of these ships in free flight according to the laws of gravity. He has figured out ways of conquering many hideous diseases or preventing or easing others. Artificially, he has been able to make himself comfortable on earth, even in Wisconsin in the spring.

A Federal Tax on Polluters

The federal government is seriously considering adopting a tool successfully used by West Germany to control stream pollution—taxation of polluters. A special committee headed by Gardner Ackley, chairman of President Johnson's Council of Economic Advisers, is actively seeking a new approach toward the problems of water pollution in this country. Two presidential task forces proposed last fall that taxes be levied against offending businesses and municipalities, and their suggestion will be carefully considered by the Ackley committee. Their conclusions will surely influence LBJ's anti-pollution proposals to Congress next year, in the view of The Wall Street Journal.

Romania Emulates Tito

Romania is continuing its independent economic pursuits despite the proximity of the Soviet Union. But one must never forget that the Russian influence is there. Apparently the aim of the new government, successor to that of the late President Gheorghiu, is to try to become another Yugoslavia only without the confrontation which Tito had with Stalin. In spite of muted Soviet objections, Romania has increased its economic and cultural ties with the West. It has made trade agreements with both the United States and France and has one pending with Great Britain. It has closed Russian cultural centers and there are reports that even the Soviet secret police is no longer welcome in Bucharest. As it begins to appear to be the healthiest nation in Eastern Europe, Romania has relaxed some of the stringent measures that are usually part of the Communist system. More than 10,000 political prisoners have been released, a reform of the penal code is being studied, internal travel restrictions have been lifted and Western tourists encouraged.

Motor Report on Lincoln Death

100 YEARS AGO
Quoted from the Appleton Motor for April 20, 1865.
An autopsy was held April 15 on the body of President Lincoln by Surgeon Gen. Barnes and Dr. Stern, assisted by other eminent medical men.
The coffin is of mahogany, covered with black cloth and lined with lead, the latter being covered with white satin. A silver plate upon the coffin bears the inscription: "Abraham Lincoln, President of the United States. Born July 12th, 1809. Died April 15th, 1865."
His remains have been embalmed. A few locks of his hair were removed from the President's head for the family, and were done so previous to the remains being placed in the coffin.

Formosa Miracle
Written Off 16 Years Ago, Republic of China Prospers

BY JOHN RODERICK
Associated Press Writer
TAIPEI, Formosa (AP)—Sixteen years ago it was written off by most Americans as finished, yet the Republic of China in 1965 is remarkably alive and kicking. Its similarities to Viet Nam and Korea are striking, but there is a difference. Chiang Kai-shek's government-in-exile has cost hardly a single American life since 1949, and is one of the most stable governments in Asia. Economically, things are so good that U.S. economic aid will end in June. Agriculture is prospering, industry is humming and plans are being made for the introduction of heavy industry. In 1949, the Communists had decisively beaten Chiang's army of 5 million and he was barely able, with 2 million supporters, to escape to this island province 125 miles off the Chinese mainland. HAS SEAT IN U.N. Yet, today the Republic of China is recognized as the rightful rulers of China's 720 million people by 69 nations (far fewer acknowledge the Communists, who in fact control the country). It occupies China's seat in the United Nations. It has never been seriously threatened by the Chinese Communist armed forces of 2,150,000, and instead of losing supporters, it is picking them up. How, after falling to such

the initial activity was similar, we must discount the moral flaw argument. Korean Vet is correct in saying the Negro is a product of his environment. He stands on the periphery of American democracy. His average income is only 52 per cent of that of the average white family. He is allowed to live in only 4 per cent of the residential area while he represents 11 per cent of the population. His children receive three years less education. His parents die seven years earlier. These figures are from the 1950 census, but they vary very little from the 1950 figures. So what are the basic morals in this decent society that Korean Vet feels the Negro should have absorbed throughout the centuries? Do any of us know what the evils of segregation have done to our American Negroes? How does one live with fear generation after generation? How would you teach your child that he is considered inferior and must learn to keep "his place"? Our Christian Nation proclaims the Brotherhood of Man, but we don't mean the Negro who wants to move next door. The shame is ours. Christ crucified? We crucify Him every day. Neenah Resident

depths, was it able to pull itself up to its present state? One answer is that Chiang is a man who does not give up without a fight. His associates, men of shrewdness, intelligence and similar tenacity, poured millions of dollars into a great public relations effort, known as the "China lobby," to restore Chiang's tarnished image in the United States. Their success was phenomenal, but it alone could not have turned the trick. The Chinese Communists themselves lent a helping hand, first by rebuffing the diplomatic overtures the U.S. was inclined to extend, then by engaging U.S. troops in a bloody and costly war in Korea. By 1950, the abandoned generalissimo had come to look like the last lonely outpost against Communism in Asia. The U.S. sent Chiang a military advisory group which at its peak in 1956 totaled 2,300 men. It now has been scaled down to less than 950 and is gradually being phased out. Its job: to deliver new equipment to the remnants of Chiang's forces and train them to use it. EVEN HAVE NAVY How well the mission succeeded can be observed here almost at a glance. The big, ill-disciplined army of the mainland has been honed into an efficient fighting force including a 400,000-man army, a 90,000-man air force (equipped with American F-104C, F-100, and Sabre jet planes, Nike-Hercules and Hawk ground-to-air missiles) and a small, modern navy of 60,000. "It is now," said one MAAG officer, "a firm and reliable partner of the U.S."

Two United Nations, or Maybe Three

One of these months we might not have just one United Nations but maybe two... or even three. Indonesia has walked out of the U.N. encouraged by Red China. Diplomats are carefully watching the meeting scheduled for Algiers of the "have not" nations. Nearly all of them from Africa. All of them singing their hymns of hate of the United States. This may be the birthplace of the China led power bloc that could menace the peace of Asia. And—if Russia makes good her threat to leave the U.N. rather than pay the dues to which she is obligated we could even have three UN type of organizations. The UN's list of new nations grows steadily. Each new nation has just as powerful a voice in the assembly as the U.S. All of them broke. All of them arrogant. Nearly all of them denouncing the U.S. like Ambassador Sori Coulbaly of Mali who said the inhabitants of Tibet have more rights under the Communist Chinese barbarians than do the Negroes in the U.S. Which is about as ridiculous as one can get—but it is just a tiny sample of the abuse heaped on the U.S. every day.—Laverne (Minn.) Wisconsin Report
Knutson's Statement Of Candidacy in 1966 Puzzling Politically

BY JOHN WYNGAARD
MADISON—The announcement of retiring Mayor Milo K. Knutson of LaCrosse that he intends to run for the Republican nomination for governor next year unless incumbent Gov. Warren P. Knowles mends his ways on fiscal affairs must be a puzzling development for the rank and file loyalists of the GOP. Mr. Knutson is the man who somewhat ambitiously aspired to the nomination last fall and found that the stature of a man, however prominent and effective he has been in local affairs in a considerable period, is relatively little known outside his own neighborhood. That enterprise could have been credited to the spirit of adventure of a man who was growing tired of his home town city hall and wanted to try his spurs in a bigger arena. Mr. Knutson's most recent announcement, however, is quite evidently of a different sort. Why should a Republican confide his desire to run for governor, in the face of the installation of a new governor only a few weeks ago, at such an early time? By all the normal rules of procedure, Mr. Knutson's declaration was premature by at least nine months.

SETTING A FIRE

The normal way, when an ambitious or potential candidate wants to have his name circulated among the party faithful, is to invite speculation about his intentions. Then when the inquiries come in, the standard practice is to avoid explicit confirmation, but to encourage continued speculation over a long enough period so that the courthouse politicians around the state get the message. The flat and unseasonable declaration involves certain inconveniences, as for example in the keeping of records of campaign travels and campaign cost incidentals.

Blood Rushed by Patrol Probably Saved a Life

Editor, Post-Crescent: I was astounded, amazed and sickened to see this headline and article in the Monday, April 12, Post-Crescent, "Critique Using Squad Cars for Extra Blood Runs." The idea of using an incident of life and death to cloud a situation that obviously has nothing to do with the problem in the department was preposterous and shameful. I am a nurse employed at the hospital referred to in this article. I was not "on duty" at the time of the request for blood but know the details full well, for I administered the second pint of blood.

There are 24,700 factories employing 450,000 people. The U.S. decision to halt economic aid was based on the fact that Formosa has achieved what it calls "self-generating growth," that is, an ability to look after itself. U.S. officials say much remains to be done. "There are not enough schoolrooms, social welfare is crude and primitive, government salaries are inadequate, there is much unemployment, and per capita income (U.S. \$160 a year) is low," an official said. "It is far from being an affluent society. But it has the capital stock base to paddle its own canoe." Formosa's security has been bought at a price. Sixteen years after its ouster from China, the republic is still under martial law. Strikes are outlawed; freedom of the press is virtually non-existent, and though there has been some relaxation in recent years, the Kuomintang has yet to accustom itself to the idea of opposition. "Despite all this," said one American administrator, "the situation is as good here politically, perhaps better, than it is in Korea and Viet Nam, where we are also involved. We are not on Cloud 9 as some people in Washington think. And to say that this is a showcase of democracy is hogwash. But it's like being married. We took the mother-in-law along with the wife."

In case a rival or a state election supervisor is keeping note. Thus the conclusion of the practical Republican organization politician is likely to be that Mr. Knutson is not now sure he will run for governor, or will find such a campaign worth the effort 15 or 16 months hence when the season for serious vote-courting arrives. Conversely, the conclusion is likely to be that Mayor Knutson is setting a fire, as the saying goes, under the Republican state administration on the spending and taxation issue, with or without encouragement and support in responsible circles of the party. In that context, it is worthy of note that Mr. Knutson has related to an inquiring reporter that he didn't have much money when he ran last time, but expects to improve his situation in that regard next year. KNOWLES' PROBLEM There is shown here Gov. Knowles' problem in party relations, or more particularly, in his relations with the conservative elements of the electorate that put him in office. The problem has been shown with reasonable clarity in many other ways. At some of the Republican caucuses local leaders have in effect pleaded against criticism of Knowles with the explanation that his success is the only hope that the party has to regain its strength in 1966. The Wisconsin State Chamber of Commerce, led by observant and sophisticated men, has shown an uncomfortable ambivalence in its bulletins to members as it praises the governor, but argues simultaneously for expenditure reductions and asserts the dangers to Wisconsin economic growth of recurring and heavy tax increases. In one of the ironies of the period, liberal Democrats are condemning high spending by Republicans. It is a topsy-turvy time in state politics. Mayor Knutson is making a bid, as a kind of stalking horse for the conservative dissent from the budget policies of what was supposed to be a Republican conservative administration. Gov. Knowles, who managed to beat his enemies last November, must now worry about his friends. At the time the doctor ordered the two pints of blood, these two pints were needed, as the patient was admitted to the hospital in a state of shock and hemorrhaging profusely. The doctor couldn't be certain as to how much blood had been lost and how soon the hemorrhage could be stopped. The whole medical team was attempting to save a life. Blood is precious and we do not over-use it, also, patient's tolerance to treatment is limited so we can only use our best judgement as to what is most important to our patient's welfare and recovery in administering a treatment such as transfusion. In this case it was important that the second pint be at our fingertips for use at any moment. I believe that if this patient had been the wife of any one of you and the mother of your children you would not have decided the precautions and treatment used here were unnecessary and in poor judgment. I also heard some rumblings as to speed the patrol car used to make these runs. Were your radios out of order? If a car could start out from the city where the blood is stored and from the one where it is needed at legal speed (65 miles per hour) and meet midway, I believe the blood could arrive in good time without undue danger to car, driver, or blood. I believe good judgement must be used by all in any emergency. I do not know where the blame for this shameful criticism lies — in the Waupaca County Patrol or the hunger of a newspaper for a sensational headline. I, as a member of a life-saving team, ask that people remember we are only human and trying our best. If we fail we're sorry. If we succeed, we thank God and those who helped us. In this case we thank God, the blood donors, our friends and neighbors who are the Red Cross, and the Waupaca County Patrol. Jeanette Capener, R.N. 701 Dickinson Street New London

Easteride Fills Air With Songs

BY TV SCOUT

6:30-7:30 (Channel 11)—The King Family, with a medley of springlike tunes, gives a pre-view of the Easter Sunday promenades.

8:30-7:30 (Channel 2)—The Jackie Gleason Show is more musical than usual. The big and pleasant sound is provided by Count Basie who leads his band in "Why Not?", "Skin Deep" and "All of Me." Frank Fon-taine also sings.

7:30-9 (Channel 2)—The antics on Gilligan's Island get sillier and sillier. Now the castaways have found a stone which the Skipper swears is the "Eye of the Idol," that will grant Gilligan three wishes before sundown.

7:30-8:30 (Channel 11)—The

reward for killing an outlaw.

8:30-9:30 (Channel 11)—Plenty of nostalgia on The Hollywood Palace. Groucho Marx is the traseable host and he recalls his old Marx Brothers film days in a jaunty sketch with the late Margaret DuMont, his former foil of the 1930s.

9-10 (Channel 2)—Gunsmoke has a rather tiring potboiler with "The Pariah." Full of good intentions, it's low on interest-ing drama. Guest star John Dehner has the role of a poor Italian immigrant who is brand-ed a coward after he claims a

reward for killing an outlaw.

8-10 (Channel 4-5)—"Rhapso-dy," a slick and highly romantic drama, is the Saturday Night at the Movies offering. Filmed in 1964, its star, Elizabeth Taylor, has never looked better as she tries to win the affections of Vittorio Gassman but settles for pianist John Ericson. (COLOR)

Air Conditioning Clinic to Open

NEENAH — The opening session of an air conditioning clinic sponsored jointly by the Fox Cities vocational, technical and adult schools, the John Service Co. and the Trane Co. will be held at 7 p.m. Monday at the Neenah Vocational and Adult School, 410 S. Commercial St.

Marvin Ogle, Mechanical engineer representing the Johnson Service Co., Milwaukee, will open the four-part series with a presentation on basic design and application of pneumatic controls for heating, ventilating, humidifying and air conditioning.

Subsequent sessions will meet April 22, April 26 and April 29 at the Neenah Vocational and Adult School.

Enrollment for the clinic will be taken at the first class with shuffleboard and pool will be available. Persons interested in joining may attend the session eight hour series.

Data Processors to Study Cost Control

Clerical cost control will be the topic of the Data Processing Management Association meeting at Hoffman's Supper Club, Mishicot, on April 28. Charles P. McLarnon, manager in the administrative services division of the Arthur Andersen and Co. Milwaukee office will speak.

The meeting will start at 5:30 p.m. with a board of directors' meeting scheduled for 4:30 p.m.

Youths Protest Vietnamese War

WASHINGTON (AP) — A youth group critical of U.S. involvement in the Viet Nam war and calling for an immediate halt to the fighting expects more than 10,000 persons to join a protest march in the capital today.

The "Students for a Democratic Society," which calls itself a left-wing radical but non-Communist organization, plans to picket the White House and petition Congress "to end, not to extend, the war in Viet Nam."

A spokesman for SDS said most of the participants would be college students from Eastern colleges.

Scheduled speakers at an afternoon rally include Sen. Ernest Gruening, D-Alaska, an outspoken critic of the Johnson administration's Southeast Asia policies.

Restaurant Owner in Village Complains of Non-Paying Customers

KIMBERLY — Police are investigating a complaint by Kenneth Muthig, owner of the Village Inn, about a couple who left the restaurant without paying their bill about 2:25 a.m. Friday.

According to the owner, four couples entered his business place, ordered food and asked for separate checks. One of the couples left without paying a bill of \$2.63 and when the owner ran outside with the check, the person sped away in his car.

Runaways Held by Iowa Police Not Missed by Parents

Hampton Iowa police have informed parents of three Appleton youths, two 16 years of age and another 14, that their sons were being held there as runaways.

The youths who apparently left their homes sometime Friday, were not missed by their parents, and were not reported as runaways to Appleton police.

Arrangements are being made to have the youths returned to Appleton.

2 Injured in Crash On Northeast Side

Two persons received minor injuries and were treated at St. Elizabeth Hospital after a two car crash on E. Wisconsin Avenue at Rankin Street Friday night.

Injured were Mrs. James Kryszak, 21, 818 1/2 W. Franklin St., a sprained ankle and Barbara Wessel, 20, route 2, Menasha, a neck injury.

They were passengers in a car being driven by James H. Kryszak, 21, 818 1/2 W. Franklin St. going east, which was involved in a collision with a car being driven by Helen A. Mendez, 19, 1538 E. Pauline St.

PTA at Park School To Hear Musicians

KAUKAUNA — The elementary school string orchestra and Park School band will present a concert for a meeting of the Parent-Teacher Association of the school at 7:30 p.m. April 26 in the activity room.

The string orchestra, consisting of about 20 students from the fifth and sixth grades in school throughout the city, will be directed by Stephen Schultz and the band will be under the direction of Elwood Bleick.

Historical Documents to Fair Display

NEW YORK (AP) Under massive and secret guard, copies of precious national documents including the Bill of Rights have been transferred from Washington to the Federal Pavilion at the New York World's Fair.

Hanging of the documents in the Hall of Presidents started Friday night. The display will be ready for the fair's reopening for its second and final season Wednesday.

The priceless collection was moved in armored trucks to the fair late Friday from the main vault of a branch of the Chase Manhattan Bank in Rockefeller Center.

Holy Week tourists and other visitors who crowded Rockefeller Plaza had no inkling of what was going on as the trucks pulled away behind a police escort.

A U.S. Marine detachment and special fair guards were waiting at the fair grounds in Queens. They will keep vigil over the documents while they are on display.

Among them are copies of the Emancipation Proclamation, the late President John F. Kennedy's first inaugural address, George Washington's inaugural and farewell addresses and President Franklin D. Roosevelt's Four Freedoms speech.

The collection also includes swords, books, maps, paintings and engravings left behind by a dozen presidents.

This Little "Heartbreaker," a miniature poodle, being cuddled by mistress Cheryl Nygaard, Oshkosh, appeared at the Dog Show for patients in the Children's Unit, Winnebago State Hospital, Saturday. A parade of "man's best friend" was provided for the more than 100 boys and girls at Hughes Hall by the Oshkosh Kennel Club. Part of the program was a demonstration of what each breed would do for its master. Love is this breed's specialty.

Johnson-Hill's Reports Record High Earnings

OSHKOSH — Johnson-Hill's, Inc., which operates a department store here, has reported its highest earnings per share in company history for the year ending Jan. 1, 1965.

Chester O. Bell, corporation president, reported earnings increased from \$1.07 the previous year to \$1.85 per share last year. Bell reported department store sales were up 5 per cent over the previous year.

The board declared its regular 15 per cent divided payable April 30 to shareholders on record as of April 15.

K of C to Hear Auxiliary Bishop Talk

NEENAH - MENASHA — Auxiliary Bishop John B. Grel-linger will give an illustrated public talk on the Ecumenical Council at a meeting of Neenah Council Knights of Columbus at 8:30 p.m. Tuesday at the club's hall.

The regular monthly business meeting will start at 8 p.m. with the talk opened to the public afterward. Bishop Grel-linger attended at three sections of the Vatican Council. He will show slides and offer comments.

The Menasha Knights as well as the public have been invited to the talk.

Planning the meeting were John Graham, grand knight, and Tony Koehn, lecturer.

Policemen's Cars Hit by Vandalism

KAUKAUNA — Two Kaukauna policemen found their cars damaged sometime after 11 p.m. Thursday while the vehicles were parked in the municipal parking lot near the police station.

Richard Gerrits had a windshield wiper broken from his car and Eugene Schaefer reported a side window broken and a wiper blade broken.

Parents to Raise Funds For Corps Uniforms

LITTLE CHUTE — The Parents Club of the Little Chute Drum and Bugle Corps will make plans for the bowling tournament, scheduled for May to raise money for new uniforms, at its meeting at 8 p.m. Monday at the village hall. Future parade participation also will be discussed.

Chimney Fire

MENASHA — A chimney fire was reported at the home of Mrs. Helen Schmidt, 523 Third St., at 8:33 a.m. today. Sisters at the St. Mary Convent reported smoke billowing from the chimney and summoned the fire department. There was no damage, fire department officials said.

Swimming Season Is approaching but you would never know it from the weather. Work on getting the Menasha municipal swimming pool into shape has started but first the ice had to be removed. Four high school employees of the recreation department break ice out of the deep section of the pool so they can start cleaning operations. In the boat are, from left, Don Steffin, John Martin and Bob Roessler. Standing on the ice-covered pool edge is Pete Sorensen. (Post-Crescent Photo)

A Part of the Fourth grade pupil-prepared breakfast at Tullar School was originally scheduled for the morning that an early Spring thaw put cafeteria equipment afloat and forced cancellation. Few people know that the cafeteria was in use the very next day — thanks to a speedy maintenance crew and the damage was minimal. "Do I have to eat that egg?" Paul Johnson seems to be asking. "Well, try this breakfast food then," Lisa Raehl says. Kathy George, extreme left, and Terri Bondow, extreme right are either waiting their turn, or wondering who is going to win. Strike Settlement Report Misleading, Contractors State

Union Plumbers Not Ready To Negotiate, Says Association

Reports Friday that union plumbers-steam fitters and Central Valley Plumbing and Heating Association contractors were nearing a settlement were labeled today as "misleading" by association members.

"We are not at all optimistic," said Richard T. Murphy, association treasurer and chairman of the contractors' bargaining committee. "We have seen no movement by labor that they are ready to negotiate a contract," he added.

The report was based on what the Valley Association called "unconfirmed settlements between locals of the United Association of Plumbers and Steam Fitters elsewhere in the Fox Valley area."

Wide Gap

There still is a wide gap between demands of local 458 and the association's offer in the 17-day-old walkoff which has brought construction to a virtual standstill in the Fox Cities, Outagamie County and portions of Waupaca and Shawano Counties.

The union is asking for a \$1.33 per hour wage increase over a three-year-period and the association is offering 50 cents over the three years. An alternate union demand is for a 75 cent increase over two years, which the association says would bring the wage of tradesmen to \$4.88 per hour.

No Change

The union has not wavered in its demands. The \$1.33 proposal is the same as was on the table when negotiations first started 11 weeks ago, Murphy said. The association has made some concessions since contract talks started.

The association feels its offer is in line with wage hikes other building trades have accepted recently. Other trades have agreed to what is essentially 60 cents per hour increases over three years, the association says.

Association bargainers also labeled as "untrue" the report that a special bargaining session was scheduled for Wednesday. "Our group would not be able to get together on that date," Murphy said. Tentatively, the next session with Phillip Simon, commissioner for the Federal Mediation and Conciliation Service, Green Bay, is scheduled Thursday.

Out of State

Also challenged by the association were reports that union tradesmen are working elsewhere in the Fox Valley area for contractors who have union agreements. Murphy said "We know of no local tradesman working in the Fox Valley or, for that matter, in the state." They are, however, working in their trade out of the state, Illinois and Michigan, he said, leaving behind a small group of pickets.

Kaukauna High Plans Annual Pop Concert

School Band Will Present Wide Variety Of Popular Music

KAUKAUNA—The first annual popular concert will be presented by the Kaukauna High School concert band at 8 p.m. Thursday in the Civic Auditorium.

Directed by Stephen Schultz, the band will present popular music from Broadway and Hollywood, contemporary band literature and selections from the classics.

Featured performers will be four senior musicians. Vicki Meyerhofer, marimba soloist, will perform "Serenade for a Picket Fence." Debbie Schmidt will play "Night Soliloquy." Thomas Cleveland will offer "Concerto for French Horn," and Jerry Spice will conduct the band for Tschaiikovsky's "Andante Cantabile."

Award Scholarships

The Kaukauna Band Parents Club will award several scholarships at the concert to students from the concert band who will attend the University of Wisconsin Summer Music Clinic at Madison.

These scholarship awards are given each year to outstanding musicians who will study with other high school students under some of the leading band directors in the country. Mrs. Gerald Williamsen, club president, will present the 2-week scholarships.

Tickets for the concert may be obtained from band members or at the door the evening of the performance.

Kaukauna Man Hurt In Auto Crash Still In Critical Condition

Richard Lamers, 18, route 3, Kaukauna, injured in an automobile crash on the main street hopes to receive delivery from the Air Force on an L4 light Thursday is still in critical condition but is responding to treatment according to Kaukauna Community Hospital authorities.

Lamers was driver of a car from which hit two parked cars, and grazed another vehicle before Wisconsin Wing so that all crashing through the front and member pilots will have an rear walls of a small garage opportunity to become proficient and storage shed.

State Dairymen's Strategy Secret

Aim for Lower-Cost Butter

MADISON (AP)—Wisconsin's dairy industry has hopes of the fat used in the substitute group, Irv Rinehart of Waukegan, said its intention was not to compete with colored oleo. This would open the door for the day come the industry to produce a butter with lower butterfat content and be a good reason to put it on the nation's only ban on call it "butterfat, butterine, through."

creamer spread" or whatever. Dairy industry spokesmen are quick to deny this is the real intent of the bill because many feel the oleo repealer will not pass this session.

Answer for Farmer

"If the oleo law is repealed this could be an answer for the farmer," said Assembly Speaker Robert Huber of West Allis, rector of the Wisconsin Council of the co-authors of the bill. "Farmers could make a less leaves colored oleo will remain in its operation."

The large number of sponsors is an indication many lawmakers are anxious to repeal the oleo ban which provides them content that could be sold at 35 to 50 cents a pound. Until now in a closed door meeting there has been no pressing need to develop the lower-priced butter because it can't be sold in Wisconsin anyway.

Testimony before that "I bet if this bill became law there would be a product on the committee on the proposal could be marketed by the end of the summer," said Donald McDowell, director of the State Department of Agriculture.

Not Competing

An advisory committee to the Agriculture Department recommended the bill for introduction. The bill would continue to be law.

Wolf River Reaches Crest At New London, Then Drops

Embarrass Waters Cause Flood Threat

NEW LONDON — Residents of New London and other areas along the Wolf River can take a deep sign of relief today and hope that heavy precipitation will not come soon.

New London Corps of Engineers gauge reader Ruben Voss reports the Wolf River reached its crest early Friday. Voss said the gauge showed a reading of 9.65 feet at 7 a.m. Friday and 9.64 at 10 a.m. and noon.

Although the drop in New London was only slight, areas further upstream on the Wolf and Embarrass Rivers reported drops of more than a foot at vital areas which have caused high water further downstream. Dams at Clintonville, Marion and Shawano had to be opened because of the volume of water backed up at those points. The rapid release of water into the channels swelled water levels in New London.

Waters from the Embarrass River caused the greatest threat of flooding to New London. An estimated 1,000 acres of low lands along both the Wolf and Embarrass were under water alone. With the greatest flooding being on the Kiwanis bowling tournament, proceeds of which will be for the Kiwanis kiddie park and Doyle Park in Hammond.

of Engineers during tests Thursday showed that 9,300 gallons per second were passing under the Pearl Street bridge. He said the record was just over 15,000 gallons.

Most seriously affected in the city was the area to the south of the Green Bay and Western railroad tracks. No damage from flooding has been reported in the city.

Sand hauled into Pfeifer Park along the Embarrass to form a dike in low spots, stopped waters from flowing onto Shawano Street.

Most of the winter ground cover has melted and much of the heavy run-off that resulted has been eliminated, reducing the threat of flooding.

UW Center Students To Attend Model U.N. Session at Milwaukee

Four University of Wisconsin-Fox Valley Center students will attend a model United Nations session at the University of Wisconsin-Milwaukee, starting next Thursday.

The center students will attend as the delegation from the Federation of Malaysia.

Attending the session will be Dennis Luebke, 109 S. Lake St., Neenah, delegation chairman; David Eckholm, 1076 Mayer St., Menasha; Joanne Fleming, 638 Eighth St., Menasha, and Larry Kauer, route 3, Kaukauna.

The students also will attend the sixth annual Governors Conference on the United Nations April 24 at the University of Wisconsin-Milwaukee.

Dr. John Oh of the center's political science department will accompany the students as faculty adviser.

Village Service Clubs to Plan Park Projects

LITTLE CHUTE — A joint meeting of the Kiwanis Club and Jaycees will be held at 6 p.m. Tuesday at Hammen's Restaurant to discuss plans for a chicken barbeque and refreshment stand at Doyle Park in Hammond.

Proceeds of the barbeque will be for the Kiwanis kiddie park and Doyle Park in Hammond.

Waupaca Couple Faces Trial on Morals Charge

WAUPACA — Two Waupaca residents charged with lewd and lascivious behavior were bound over Friday to Waupaca County Court for trial when they appeared in Municipal Justice Court.

Doris Klepps, 39, 620 School St., and Lynn D. Wiese, 29, 118 Water St., were released after they each posted \$500 bond.

They were arrested shortly after 7 a.m. Friday by Sheriff Draper Street and County Trust Loran Frazier at her home.

Sunrise Services To Welcome Easter

Methodist, EUB Groups Set Meeting

A joint Easter sunrise service by the Senior High Methodist Youth Fellowship and the youth of Emmanuel Evangelical United Brethren Church will be held at 6:30 a.m. Easter Sunday at First Methodist Church.

The service, held in the nave of the church, is taken from an ancient Christian liturgy. The congregation will assemble in the narthex of the church for the opening words of cleansing and worship and then proceed into the nave for the "Tollite Portas" and the "Quem Queritis." The dramatic presentation will be directed by Mrs. William Dykema.

A breakfast will be served in Fellowship Hall of First Methodist Church at 7:15 a.m. Mrs. Andrew Blackburn will have charge, assisted by members of the youth group.

Breakfasts Scheduled by Lutherans

"He is risen!"

The centuries-old message of joy will be repeated in Easter services Sunday. Many of the Lutheran Churches of Appleton will begin the day of jubilation for Christians with sunrise services, followed by breakfasts. Special choir music will be featured at most services.

At Zion Lutheran Church the 6 a.m. sunrise service will open with unveiling of the cross. Rev. Donald Hetzler, Geneva, Ill., regional secretary of the division of college and university work of the National Lutheran Council, will be guest preacher. Pastor W. H. Gammelinn will be liturgist.

Family worship services also will be conducted at 7:30 and 9 a.m. with a festival service at 10:30 a.m. Communion will be celebrated following the sunrise and 10:30 a.m. services. An Easter breakfast will be served following the first three services.
